

ARE YOU PAYING YOUR FAIR SHARE OF TAXES?

Too much tax on your income today?

Too much tax on your income tomorrow?

Are you paying voluntary taxes?

STRATEGIC  NAVIGATORS

“Taxes are the No. 1 expense of business owners.”

The average American spends \$9,500 on food and clothing and \$16,000 on taxes.

- Based on information from the Bureau of Labor Statistics

The average 65-year-old is going to outlive their savings by almost a decade.

According to the World Economic Forum

How average are you?

TRADITIONAL EXPERTS RECOMMEND:

1. Defer income to avoid taxes today - pay future tax rate, likely higher (i.e. SEP IRA, 401k, Defined Benefit, etc.)

Today's national debt is \$24,057,000,000

Are taxes going up or down?

2. Write it off. Using Section 179 - Buy more for your business, even if you don't need it. (*Spend \$1 to keep \$0.43*)
3. Maximize deductions - Hope to find things you haven't utilized before.

STRATEGIC PLANNING FOR MAXIMUM RESULTS:

1. Pay minimum tax today because of proper structure and pay little to no tax in retirement.
2. Freedom to control and maximize cash flow for business growth. Focus on wealth accumulation. (*Spend \$0 to keep \$1.00*)
3. There are 83,000 pages in the IRS code, cases, statutes and regulations - 95% is a roadmap to entrepreneurs on how the government recommends to maximize your income.

YOU NEED A STRATEGIC NAVIGATOR TO CHART YOUR COURSE.

Do you trust your tax preparer enough to get a 2nd opinion?

Are you paying your fair share of taxes?

Stop tipping the government by over paying taxes

*"Based on the current fiscal path, future tax rates will have to double, or our country could go bankrupt."
- Statement by David M. Walker - Comptroller General of the United States General Accountability Office.*

*"Anyone may so arrange his affairs that his taxes shall be as low as possible; he is not bound to choose the pattern which will best pay the Treasury; there is not even a patriotic duty to increase one's taxes."
Gregory v. Helvering, 69 F.2d 809, 810 (2d Cir. 1934 - Judge Learned Hand)*

TAXES TODAY

Average Business Owner

Federal - 37% +
Payroll - 15.6% +
State (avg) - 5% =

Total - 57.6% on last \$

For every dollar you make, you only keep \$0.43

With proper structure and strategies, you have the potential to keep up to 40-60% *more*.

TAXES TOMORROW

Taxes: Wealthy families in the US have been growing their wealth at 0% tax for decades. They grow their wealth tax-free, access their wealth tax-free and leave their legacy tax-free. You can, too.

Fees: These time-tested structures are net positive on fees - stop overpaying to have your money managed!

Volatility: Stop losing money to the market. Get up to 90% of market return with no loss.

The following chart reflects Strategic Navigator's clients after proper planning and structure.

Income	Taxes Paid*
\$350,000.00	\$42,500.00
\$800,000.00	\$154,000.00
\$900,000.00	\$71,500.00
\$6,000,000.00	\$1,521,000.00

*Each client is unique and therefore savings reflected varies, based on structure

*What would you do if you could save **40-60%** of your federal income tax?*

“Taxes are your single biggest retirement risk”

- Ed Slott, CPA, Best Selling Author, National Tax Expert

ARE TAXES GOING UP OR DOWN?

Average American IRA or 401k:
Put in \$200,000 – After tax, it's only worth: \$110,000

What if you could...

- Have a tax-free retirement
- Grow your wealth tax-free
- Access your wealth tax-free
- Earn 8-9% average on your money, tax-free *(based on historical performance.)*
- Never lose money on your savings based on market performance
- Catch up on retirement savings
- Earn uninterrupted compounding interest
- Spend more, keep more, and leave more—all at the same time
- Supercharge your nest egg
- Access your money before age 59^{1/2} with no penalty or taxes
- No minimum required distributions at age 72^{1/2}

Does all of this sound too good to be true?
These people and institutions have done this for decades

LET US SHOW YOU HOW

Strategic Navigator's team of best-in-class experts specialize in developing dynamic structures and strategies to maximize your wealth

Through this planning, you can keep those dollars you have been unknowingly and unnecessarily transferring away. Recapturing these dollars allows our clientele to move from *success to significance*.

Our Process

1. Personal Consultation
2. Complimentary Analysis of the last 2 years taxes and business structure
3. Post-analysis presentation of findings

Our typical Strategic Navigators client:

1. Will save 40-60% of current tax costs using time tested strategies and
2. Will have 8.1 million more with our planning vs. the level of planning they were using. This will allow them to spend more, keep more, give more, and leave more than they ever anticipated.

(45 Year old, saving \$75,000 per year, earning an average of 6.38%, 35% taxation, 1% investment fees, over their lifetime)
